The story of Innovena Innovena is the land of myth and legend. It is said that it was shattered by a great conflict thousands of years ago. The people that survived became light and shadow—Lords and Lore Masters, who established the legal structure of the Elden Land that has been the same ever since. Based on the fantasy tale of “Innovena” written by FUJIWAKI Kazuko, this is a new fantasy action RPG by tri-Ace Inc. New fantasy action RPG makers, tri-Ace Inc., have released multiple titles such as “Fullmetal Alchemist”, “Metal Gear Solid”, “The Legend of Dragoon”, and “The Last Remnant”. We will strive to provide amazing gameplay, a vast world, and a realistic narrative.

Warden’s Observatory Since the beginning, the Lands Between have been known as being a turbulent land where many fairytale monsters roam freely. As a protectorate of Elden Land, Warden’s Observatory holds the complete laws and regulations of the Lands Between, and are in charge of its defense. Wardens are the top members of the observatory that protect the Lands Between from monsters and wars. The observatory is the logical center of the world, where one could hunt monsters and find one’s path. In order to hunt monsters and obtain their data, you need to join the training school and become a Warden. You will be able to hunt monsters and obtain their data with weapons found in the dungeon. The more data you obtain, the higher your Attack and Magic Rate will be.
